FIREMEN AT HARNEY BURN OLD MORTGAGE

A mortgage note that had been as high as \$31,000 was stamped "paid in full" and immediately burned in ceremonies by the Harney Fire Company in the fire hall there Friday evening. About 250 members and guests attended the turkey-fried oyster dinner served by the Ladies' Auxiliary of the Taneytown Fire Company.

The final payment of the mortgage was presented to Wilbur Bankert, president of the Littlestown State Bank, by the fire company treasurer, Nevin Ridinger, who in turn presented the Harney Fire Company president, Elmer Shildt, with a copy of the title and the six-year mortgage note. Bankert also gave Shildt the mortgage payment book and the usual papers that go with the completion of a note.

Then Bankert and Shildt lit the match that ended six years of debt.

DEDICATED IN 1955

Another highlight of the evening's program was the presentation of a \$500 check to President Shildt by Mrs. Lake Ridinger Sr., president of the Ladies' Auxiliary.

The fire hall, now reported to be worth over \$45,000, was dedicated June 1, 1955, at a cost then of more than \$23,000. Of that amount, over \$10,000 was paid back during the last year and a half. The company also has paid off the \$13,000 fire truck which was mortgaged with the bank.

Mervin Fuss, a Taneytown businessman, told the group after dinner that it has been the cooperation and leadership of the company which made it such a success. "And now," he added, "the appreciation of the people involved will make it ever greater."

GUESTS INTRODUCED

Fuss suggested 10 things for the members to do to keep up the good work: Go to church, think, work, read, help others, play, love, dream, laugh and pray.

Guests introduced at the head table by President Shildt were Rev. and Mrs. Charles E. Held.

Youth Is Arrested After 6-Mi. Chase

A six-mile police chase early this morning brought Larry David Lefler, 18, Fairfield R. 2, a return engagement in the court room of Justice of the Peace John O. Whitman, Cumberland Twp.

Cumberland Twp. Policeman Bernard V. Miller gave chase to the Lefler car six miles south of here on the Taneytown Rd. at 12:30 o'clock this morning. After driving up to 75 miles an hour on the narrow, winding road, Miller caught Lefler at the traffic light at Baltimore St. and Steinwehr Ave.

Taken before Justice Whitman, Lefler pleaded guilty to charges of reckless driving and driving a car while his license was suspended. He was given the choice of \$25 and costs or 10 days on the first charge and his bond was set at \$500 on the second count for his appearance in sentence court. Lefler went to jail in default of the fine and bond.

Justice Whitman recalled Lefler had been before him last May 13 on a hit and run driving charge that resulted in suspension of his operating license.

Gettysburg Junior High Program Compares Well With Conant Standards

Gettysburg's junior high school program and its facilities compare very well with standards indicated by Dr. James B. Conant of Harvard University, according to a statement issued today by Gettysburg school administrators in response to queries.

The statement follows: "We have been asked to compare our junior high school program and its facilities with those advocated by Dr. James B. Conant, professor at Harvard University.

"Dr. Conant visited 237 schools in 90 school systems in 23 states in order to gather material for his report. He found that by far the most common organized school systems are on a 6-3-3 for large and medium sized communities and 6-6 for the small and rural communities. When our new high school facilities are finished, we will be a 6-3-3 system. This is as it should be for we, with our large area feeding into Gettysburg, can easily be classified as a medium sized community.

"Dr. Conant pointed out, however, that the type of organization is not as important as the type of program offered to our youth. Junior high school teachers formerly were considered to be

Report 213 Traffic Deaths Over Thanksgiving Holiday

The toll mounted to 197 as the four-day extended holiday period passed the halfway mark. Other violent deaths included 29 in fires and 59 in miscellaneous type mishaps for an over-all total of 285.

FEW NOVEMBER SNOWS HERE IN RECENT YEARS

Another snowless November may be going into the Gettysburg weather records—and that's the way the most of them have been in recent years here.

Gettysburg Times weather records show that measurable amounts of snow have fallen in 24 Novembers since 1903 when complete weather records were begun here. Of those 24 Novembers that saw snow on the ground, only five of them have been in the last 20 years.

There has not been enough snow to measure here in any November since 1955 when three inches fell on the 19th and 20th. Last November there were snow flurries but not enough of the white stuff fell to be measured.

10 INCHES IN '38

The snowiest November on record here was in 1938 when 10 inches of snow fell on Thanksgiving Day, November 24, and the next morning.

Second honors for November snows in local weather annals go to 1908 when eight inches fell. That month holds the all-time record here for the earliest, heavy snow in more than a half century. There were 4½ inches measured on November 15 that year after 3½ inches had fallen the day before.

One notable result of that early November snowfall was that on November 16 of that year the temperature dropped to five degrees above zero, as cold as any November weather ever recorded here.

NOVEMBER Milder

That frigid temperature was equalled by only one other November in Gettysburg and that was in 1932 when the same five-degree mark was set after snow flurries were swept across the area by icy winds.

There seems to be considerable evidence that November weather is growing milder in Gettysburg in the last two decades and that much of the snow, bluster and cold has shifted to the other end of the winter, making March much more likely to see snow than November. Only three months of March in the last 30 years have missed snow. March of 1960 had 20 inches as did the same month in 1958. The all-time mark for March for snows in Gettysburg continues to be held by 1942 when 25 inches were measured, nearly all of it on that notable Palm Sunday that year.

FOUST HOME AFTER TOUR OF 16 COUNTRIES

R. Kenneth Foust, 225 Howard Ave., proprietor of Kenzie's market on S. Franklin St., has returned from a 17,000-mile tour of 16 countries on three continents more impressed than ever before with the blessings of life in free America.

Mr. Foust left Gettysburg on September 14 and the next day sailed from New York aboard the S. S. United States to begin a journey conducted by the Church of the Brethren over a route that included travel by boat, jet plane, train, bus, camel and donkey. Mr. Foust and the 17 others in the party visited France, Holland, Belgium, Luxembourg, East and West Germany, Austria, Switzerland, Italy, Greece, Egypt, Lebanon, Syria, Jordan and Israel.

In most countries he found Americans welcome. "There's no question about it, the American dollar has a lot of prestige. Even the Arabs are glad to see American tourists and appreciate the help we're giving them."

ONE WRONG TURN

The differences between East and West Germany were "like day and night," Mr. Foust says. "The people in East Germany seem empty-faced, not happy. They were not specially glad to see us because we were permitted to spend only limited amounts in East Germany and tourists don't mean much to them. In West Germany, things are very different. There is no unemployment."

Santa Turns On Town's Christmas Decorations Friday; Greeted By 2,000

Expect Heavy Xmas Buying

NEW YORK (AP) — The Christmas buying season got off to a colorful start this week amid high hopes by merchants that the dollars will add up to a new record. The National Retail Merchants Association predicted that dollar volume will run two per cent ahead of the all-time high 1959 total.

The outlook appears better than last year, when the steel strike threw hundreds of thousands out of work.

The Christmas season, as always, will tell the story of what kind of a year 1960 is for the retailing industry. The storekeepers expect the period between now and December 25 to account for 17 to 25 per cent of the year's sales.

Pay \$200,000 For Release Of Abducted Sportsman; 3 Arrested; Seek Fourth Man

SAN DIEGO, Calif. (AP) — A wealthy sportsman held 24 hours by kidnapers was reportedly under guard today as authorities sought a convicted murderer they said helped kidnap him.

Anthony Alessio, 41, was released unharmed after \$200,000 ransom was paid his kidnapers. Alessio's family had been warned he would be killed if police were called.

FBI agents arrested a man and two women as Alessio's kidnapers and said a fourth man is still being sought.

Agents recovered \$77,500 of the \$200,000 ransom paid for the release of Alessio, who with his six brothers operates the Caliente Race Track at Tijuana, Mexico.

FOUND IN MOTEL

Ninety minutes after an unidentified man collected the ransom—one of the highest ever paid in the United States—the 210-pound Alessio was discovered handcuffed but unharmed in a San Diego motel.

Santa Claus came to town Friday night to be welcomed by an estimated 2,000, mostly youngsters, gathered along Baltimore St. and in Lincoln Square.

With weather conditions well high perfect, Santa found himself swamped with children when he entered his "Shanty" on the square following the formal ceremony of the turning on the street decorations for the Christmas season.

Borough Councilman George W. Naugle welcomed Santa when he arrived via a Gettysburg Fire Department truck after a parade on Baltimore St.

Official Welcome
Councilman Naugle, speaking from the new fire department service truck, and using the loud-speaker attachment on the truck, told Santa:

"On behalf of all the people of Gettysburg, I hereby give you the key to the switch to turn on the lights of these beautiful decorations in order that they may help spread good tidings and cheer to all who may see them during the Yuletide season."

Santa then thanked Councilman Naugle and thanked the children and adults for turning out for the formal turning on of the lights: "I remember from last year how so many of you came to see me at the Shanty and what nice children you are," Santa said in inviting the children to visit the Shanty and to write him letters and place them in "Santa's Mail Box" at the Shanty on the square.

The Junior Chamber of Commerce has promised that Santa will answer all letters placed in that mail box — provided the letters have a return name and address on them.

When Santa threw the switch illuminating the lights there was a gasp of admiration from the crowd as the lights came on in the town's new street decoration.

NEED DONATIONS

The decorations extend for nearly two blocks in each direction off Lincoln Square. In the square, in addition to the canopy of lights, there is also a brand new glitter tree, which attracted much favorable comment Friday night.

Ralph K. Will, chairman of the Retail Merchants committee in charge, said about \$1,300 has been collected so far in the campaign to raise \$2,500 to pay for the town's new Christmas decorations. Donations should be sent to Frank Hower, secretary of the Retail Merchants Association.

The Gettysburg High School band, under direction of Robert Zeigler, led Santa as he rode the fire engine to the square and then presented a concert during the lighting of the decorations.

One of the worst moments we had on the trip was enroute back to West Germany from Berlin when our bus driver took a wrong turn and we wound up on the Polish border instead of West Germany. When we got back on the right route we had exceeded our allotted time for the trip and there was an hour and a half of explanations before we could get back into West Germany."

Mr. Foust and his party saw the Passion play at Oberammergau, being given this year for the 25th time. Their tickets had been ordered in April for the play that always performs before a full house for its 91 presentations in the year.

SAW CHURCH PROJECTS

In Vienna the touring party saw work being done by Brethren Volunteer Service in building a Protestant school. Mennonites are helping with the work on the school which later, they said, will be turned over for use as a Lutheran parochial school.

During 20 days in the Middle East, Mr. Foust and his companions saw Nasser, president of the United Arab Republic, during a nine-hour youth parade and rally welcoming Nasser back from his trip to U.N. headquarters in New York. The morning Nasser left Syria the tourists were confined to their hotel as part of extensive security measures.

IN HOLY LAND

The tourists were briefed by the State Department in Syria on the Arab-Israel problems and while they were there a plane was shot down and there were almost daily border incidents. They spent five days in the Arab side of Jerusalem and then two days in Tel Aviv and touring the Holy Land section of Israel. They saw refugee camps where aid is being given by their church. Other church projects in Jericho, Hebron and Jerusalem were visited. Volunteer teachers from this country are serving there at \$10 per month. Some of the worst conditions the tourists saw anywhere were on the outskirts of Cairo where living conditions were "most primitive."

The tourists sailed for the United States from Le Havre, France, on November 2 aboard the "United States" and arrived November 7. The hops from Germany to Rome, to Athens and the Middle East had been made by jet.

Thanks Service Is Held Thursday

"The daily importance of gratitude to God" was emphasized at the special Thanksgiving Day service held by the Christian Science Society in the Christian Science room, Baltimore St.

These voluntary testimonies included mention of healing of physical disorders of various types through the application of scientific prayer.

Thanksgiving was the subject of the lesson-sermon which was composed of selections from the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

The same theme of gratitude was carried out in the musical selections which included a solo entitled "Bless This House" and hymns of Thanksgiving.

DISCUSS PLANNING

The program was presented by Mr. Zettle and Mr. Kriebel of the county extension office and consisted of a discussion of the various elements to be considered in connection with "Township Planning."

Population growth of rural and suburban areas and the resulting need for community or group services were cited as the basis for interest in and need for such programs in areas like Straban Twp., which are adjacent to population centers. 1960 census figures show a population increase in Straban Twp. in the past 10 years of "over 21 per cent." one of the four fastest growing townships in Adams County, as compared with an increase in Gettysburg of from "11 to 20 per cent." and only seven per cent for the state of Pennsylvania during the same period.

Straban's resources are still basically agriculture with some 172 farms though the construction of new homes reflects the greatest increase in tax revenue. Latest population figures show 2,386 residents in the township, of which 1,200 are taxpayers and one out of every four attending school.

CITE ROUTE CHANGE

The relocation of Route 15 was mentioned as one change that was certain to have far-reaching effect on the township, with the problems being created thereby lending themselves to necessary township planning. Any such planning should be constructed only as a "starting point," subject to revision as events dictate. The township supervisors are the means through which any and all such planning programs must either originate or pass prior to adoption and selection and election of informed and progressive supervisors is a prerequisite to cooperative progress. Such programs are ordinarily carried forward by a planning commission, appointed by the supervisors, which recommends the action and direction to be followed. The recommendations of such commissions usually result in such formal actions as preparation of building codes, subdivision controls and zoning, the club was told.

MAASHIN DOODI STILL BAFFLES CAMELS IN IRAN

TEHRAN, Iran (AP) — Every Friday an antique locomotive wheezes and whistles out of Tehran, towing a trainload of religious pilgrims.

It's "Le Chemin de Fer et Tramways En Iran," affectionately known as the "Maashin Doodi" (Smoking Machine), running on the oldest railway in the Middle East.

Huge funnel belching smoke and tram-like carriages rattling furiously at 15 miles an hour, No. 663 coaxes screams of delight from children and inquisitive stares from passing camels — whose ancestors carried the train into Persia on their backs.

SIX-MILE RUN

The little train runs on wobbly, narrow-gauge tracks from haddolazmin Shrine where most of its passengers are headed.

Through patches of desert and clusters of adobe houses, the six-mile run is nonstop, except when a stray camel or donkey blocks the rails. Passengers leap on and off at full speed, and the spy ones can outrun the locomotive.

The Smoking Machine's schedule is a once-in-a-while affair, but business booms with pilgrims on Friday, the Moslem Sabbath.

SPECIAL CAR AVAILABLE

A ride costs three cents U.S. but for a few extra dollars the line will hook up the carriage once reserved for the board of directors, a regal-looking coach with shabby brocade seats and brass lamp brackets.

Hidden in a workshop is a coach specially built for the shah — who has ridden in it only once in 74 years — a remnant of the railway's illustrious early days as a pilgrim carrier.

The line was established by Russians and Belgians in 1886, and the rolling stock and equipment were carried by camel from a seaport on the Caspian. The Belgian locomotives were hauled through the mountains by mules and army gun carriages.

The workshop was once the most modern in Iran, and still boasts proudly that it has never had to import a part for the four locomotives. Three of the wild-looking engines are still operating — on kerosene instead of coal — and the fourth is cannibalized for spare parts.

The line is owned almost outright by Joseph Coomans, an elderly Belgian lawyer who reportedly comes down from Brussels for an occasional ride. Coomans has managed to resist efforts to modernize the smoking machine.

"For him, it is a sentimental thing," said an acquaintance. "And besides, the buses seem to be putting it out of business."

"PICTURES OR WORDS"

One picture equals many words . . . or so at least they say . . . for few are there among us who . . . have power to portray . . . and yet I often wonder if . . . this is completely right . . . for written words can lead us through . . . the darkest kind of night . . . imagination is required . . . when we view a scene . . . to fully gain the essence of . . . beauty, calm and serene . . . but words can take us on a trip . . . across the deep blue sea . . . each one supplies the brain with food . . . they are joy's golden key . . . even in a dungeon . . . words cause the sun to shine . . . pictures can enthrall, it's true . . . still words are more divine . . . words and pictures both supply . . . the treasures that we need . . . but words can grow a garden . . . from a single seed.

FEUD IN CONGO MAY BE SOLVED

By MICHAEL GOLDSMITH
LEOPOLDVILLE, the Congo (AP) — One of the most troublesome feuds of the feud-ridden Congo — the secession of mineral-rich Katanga Province — may be on the way to a solution.

A dramatic announcement from Elisabethville in Katanga Friday night said three leading ministers from the central government in Leopoldville had reached an agreement with Moise Tshombe, president of the breakaway province.

A communique said a two-hour meeting was held in a cordial atmosphere and resulted in a "perfect identity of views" on a program of action in the "internal

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

TEN YEARS AGO

Postpone Xmas Window Judging: The rain and wind storm played havoc with the Christmas window display contest in Gettysburg and judging had to be postponed when two of the out-of-town judges were unable to make the trip here.

In addition to this unavoidable delay the judges would have difficulty judging the windows because, in most instances, steam had clouded the glass fronts to such an extent as to make visibility from the outside almost impossible.

The judging will take place next Saturday evening at 6:30 o'clock. Merchants are urged to keep their windows intact and in event of inclement weather next Saturday to make every effort possible to keep their windows from steaming.

Allies Facing Of Offensive Against Reds: Tokyo — Complete collapse of the United Nations in-the-war offensive was threatened today by heavy new Chinese attacks on the frozen northwest Korean front.

The U. S. 24th Division, its right flank imperilled by infiltrating Red forces, pulled back from Chongju near the west coast. It was the second time this month that the battle-hardened Americans were forced to give up without a fight the rail and highway city 51 miles south of the Manchurian border.

\$50,000 Damage By Wind, Rain In Littlestown: It has been estimated that \$50,000 worth of damage was done Friday night and Saturday morning in Littlestown and vicinity by the wind and rain storm. Many homes and other buildings in the community suffered a small amount of damage, mainly to their roofs. Some of the major losses were at the farm of Mr. and Mrs. Elmer King, near Littlestown, where half of the metal barn roof was torn off by the raging wind. A portion of the house roof was also ripped off. The financial loss was not yet estimated.**PFC. Kauffman Is Missing In Korean Action:** Pfc. Edgar Kauffman, 19, son of Mr. and Mrs. Guy Kauffman, Gardner, had been "missing in action" in Korea since September 10, according to a telegram received by his mother from the War Department.

Pfc. Kauffman, with the Second Division in Korea since August, received his training at Fort Lewis, Washington. He attended Biglerville high school and is a brother of Earl H. Kauffman, 147 W. Middle St.

Storm Brings Busy Weekend For Troopers: The effects of the storm Saturday and Sunday were felt in a variety of ways in Gettysburg and vicinity.

For the state police of the Gettysburg substation, Sunday, Sunday night and today were among the busiest times this office has ever experienced, the troopers reported.

Scores of telephone calls poured into the substation seeking information about road conditions. Numerous persons were "stranded" here because of impossible highways.

Miss Plunkett, John Orndorff Wed Saturday: Miss Madeline C. Plunkett, daughter of Mr. and Mrs. Cleason H. Plunkett, North Queen Street, Littlestown, and John B. Orndorff, son of Mr. and Mrs. Raymond Orndorff, Gettysburg R. 5, were united in marriage on Saturday morning at 9 o'clock in St. John's church, Westminster. The ceremony was performed by the Rev. Francis Wills, assistant pastor, in the presence of the immediate families and close friends of the couple.

The second largest waterfall in North America, from a standpoint of volume of water, is Grand Falls on the Hamilton River in Labrador. The falls, over which the river drops 1,038 feet, is exceeded only by Niagara.

Today's Talk

LETTERS

An editor sent me a letter saying that these Talks do him good and help him. He also told of two instances where people had called his office to thank him for the pleasure these brief Talks brought to them. I have been carrying this letter in my pocket ever since. It will be carried around with me until it falls to pieces. Every time I write a new "Talk" I shall be thinking of this letter . . . and the hundreds of others I prize so much which have come to me.

I would rather have letters of encouragement than be given the deed to a country estate, or city penthouse. What would I do with such establishments anyway? But these letters—they are worth more to me than anything I do or earn!

Letters are so very wonderful. In a secret place I keep a bundle of them, written by my mother long ago. Every once in a while I go and read them anew. Every word drips with love.

I often read that letter Lincoln sent to Mrs. Bixby, the New England mother who gave her six sons "upon the altar of freedom." Nothing was ever more beautifully expressed in words.

Other fine and enjoyable, letters I frequently read are those written by President Theodore ("Teddy") Roosevelt to his children. He always took time from his multiple duties and travels to write simple, inspiring letters to his young family. And often with humorous illustrations.

I advised a young man, the other day, to write to his aged parents every week. He promised he would. I told him his letters would add years to their lives—and I believe they will.

One feels better after having written a letter; and one feels better still after receiving one! But nothing of ill will, or unkindness, should ever be put into a letter. Letters live!

Just Folks

REAL FRIENDSHIP
You can always please a fellow
When you shower him with praise,
In a voice that's fresh and mellow
He will say he likes your ways.
He will count your friendship
splendidWhen you're boosting him along,
But his love for you is ended
If you tell him where he's wrong.It is praise that men are seeking
And not counsel, kind and wise.
Men resent the friend who's
speakingIf he's moved to criticize,
They will like you if you flatter
And you're boosting for their fight
But is it quite a different matter
If you try to set them right.We are fond of men who swell us
With endorsements of our cause,
But resent the ones who tell us
Of our errors and our flaws.
But the rest of those who know us
And are following in our wake,
Is the friend who comes to show us
Where we're making a mistake.

role. Bail of the trio was set at \$200,000 each.

Alessio was reported back at his San Diego home under guard. San Diego police refused to discuss the matter, however.

Authorities gave this timetable: Two armed men accosted Alessio at 5:30 p.m. Tuesday as he drove into the shrubbery-shrouded driveway of his luxurious home in a fashionable section of San Diego. They slapped handcuffs and a blindfold on him and whisked him to an abandoned house.

FIRST ASKED \$650,000

Within minutes, the FBI said, they telephoned his wife and demanded \$650,000 ransom. Virginia Alessio was warned that they would not hesitate to kill her husband if she called authorities or failed to pay.

Negotiations lowered the initial demand to \$200,000.

At about 10 p.m. Wednesday, the abducted man's brother John, executive director of Caliente Race Track, drove 120 miles to a parking lot in Hollywood. On the back seat, as ordered, was a duffel bag containing the cash in bills of \$100 and less.

LEAVES CAR UNLOCKED

John Alessio walked off, leaving the car unlocked. A man removed the duffel bag and disappeared in heavy traffic which followed a big Santa Claus parade. Ninety minutes later, Alessio was found by FBI agents in San Diego. The FBI would not say how his whereabouts was learned.

On Thursday Mrs. Gorman was arrested walking on a Hollywood street and Mrs. Marrone was taken in her apartment. Friday Gorman was seized on a Hollywood street. None was armed or offered resistance.

Only two United States Presidents were elected to office without carrying New York and Pennsylvania. They were Woodrow Wilson in 1916 and Harry Truman in 1948.

DEBBIE WEDS
SHOE TYCOON,
HARRY KARLBy JAMES BACON
AP Movie-TV Writer

BEVERLY HILLS, Calif. (AP)—Debbie Reynolds, who wanted her two children by Eddie Fisher to have a family Christmas, wed multimillionaire shoe tycoon Harry Karl, 46, Friday night.

The wedding—Karl's fourth—was no surprise. But the timing was. The 28-year-old actress hurried home from a day of filmmaking and was married at a friend's home.

Monday she will be back before the cameras.

"We decided a few days ago to get married now," said the beaming bride, "so the children can have a real family Christmas."

A wedding trip will be delayed until January when the couple will visit Miami and the Bahamas.

LEAVE ON HONEYMOON

"But the honeymoon starts tonight," the actress told newsmen after the rites. The couple left in Karl's \$25,000 Rolls Royce—license number SHU 000—for an undisclosed destination—presumably Karl's Palm Springs home.

By coincidence, Fisher and Elizabeth Taylor are due in Palm Springs Monday.

On their return the Karls will move into the house Debbie once occupied with Fisher before his headlined departure and subsequent marriage to Miss Taylor.

Karl's previous wives were Los Angeles socialite Ruth Lamb; Marie (The Body) McDonald and Joan Cohn, widow of the late founder of Columbia Pictures.

Karl, a close friend of Harry Cohn, was married only 22 days to Mrs. Cohn. His divorce decree became final only this month.

Debbie and Eddie were divorced in February 1959, after one of the most publicized marriage breakups in movie history. He married Miss Taylor May 12, 1959.

150 FAMILIES
OUSTED BY RAIN

PORTLAND, Ore. (AP)—Water from Thursday's torrential rains had just about seeped away today and flood evacuees were returning to their homes.

Some 150 families were driven out Thanksgiving Day by a rain storm that dumped up to 6 inches of water in western Oregon. The downpour, which followed two weeks of intermittent rain, flooded a number of streams in the Willamette Valley and along the Oregon Coast. It loosed mudslides that blocked highways, and ground water covered a number of roads in rural areas.

The Weather Bureau has forecast sharply rising waters in the Willamette River for the next 24 hours. No major flooding is expected along the river, however.

Elsewhere over the nation skies were generally clear to partly cloudy with sasonable temperatures.

Shower activity in the Northwest is expected to drop locally heavy rainfall amounts along the Northern California coast.

Heavy snow was forecast for the mountain areas of the Northwest with showers or flurries likely in the Lake Superior region.

SKIN SURGERY
ON CHILD FAILS

SAN ANTONIO, Tex. (AP)—Plucky Peggy Roller died Friday, 32 hours after the operation doctors hoped would help the 4-year-old girl survive critical burns.

Doctors at the Army's Brooke General Hospital agreed that the child's determination kept her alive nine days after an unexplained fire sent her screaming from her home, her dark hair ablaze. More than half of her body was burned.

Peggy's father, Maj. Harry Roller of El Paso, Tex., stood by her bed as her life ebbed away, then walked into the hall and said simply, "It's a rough world."

SERGEANTS SILENT

Three veteran sergeants, who each donated 128 square inches of skin applied to the burned areas on the girl's body in a two-hour Thanksgiving morning operation, were silent when told of her death.

Sgt. IC Earl D. Bieler, father of two children, finally spoke: "Well, we tried." M.Sgt. William M. Goodloe, father of three, and Sgt. IC Harold S. Orff, father of five, nodded.

TO HAVE LEAVES

Goodloe, 45, of Earlington, Ky.; Bieler, 26, of Machias, Maine; and Orff, 37, of Milo, Maine, volunteered for the operations because, Goodloe said, "sometime it might happen to one of us."

The sergeants will be hospitalized about two weeks, after which they will be given month-long convalescent leaves.

Eagles Favored Over Giants Due To Their Late Rallies

By JIM KENSIL

Associated Press Sports Writer

Sometimes statistics lie. Sometimes they are meaningless. But there is one statistic more than any other that tells why the Philadelphia Eagles are leading the Eastern Conference of the National Football League.

The Philadelphia team has scored 92 points in the last period of eight games it has played, an average of 11½ for each fourth quarter. Why?

Apparently because the Eagles' quick, sure pass receivers—Tommy McDonald, Bobby Walston and Pete Retzlaff—wear down the defenders and make them easy prey for Norm Van Brocklin's late-game passing.

COME FROM BEHIND

That's what happened last Sunday when the Eagles, behind 10-0, controlled the ball practically the entire last half and scored 10 points in the final quarter to upset the Giants at New York 17-10.

And that's one reason why the Eagles are 6-point home favorites to beat the Giants (5-2-1) again Sunday and run the Philadelphia winning streak to seven after a season-opening loss to the Cleveland Browns.

If the Eagles' 92 last-period points don't seem impressive, consider that the Baltimore Colts, highest scoring team in the league through eight games, have scored only 39 in the final period out of a 238 total. Philadelphia's total is 211.

COLTS IN LEAD

The Colts (6-2) hold the same position in the Western Conference as the Eagles do in the East—a game and a half lead with four to play. After a week off, Baltimore is home Sunday to the San Francisco 49ers (4-4), and the Colts are 15-point favorites.

If the Eagles can take the Giants they need only one more to clinch a tie for the title. Baltimore is also in good shape with only second-division opponent left on the schedule. Unless both conference leaders flop, the Dec. 26 NFL title game seems likely to be at Philadelphia where the Colts would shoot for an unprecedented third straight playoff championship.

The Green Bay Packers (5-4).

SENATOR'S NEW BABY PLEASES ALL KENNEDYS

By FRANCES LEWINE

WASHINGTON (AP)—Sen. John F. Kennedy was a delighted father taking quick commuter trips today between his home and nearby Georgetown University Hospital to see his wife and new baby.

He was up early for a 10 a.m. call after four brief visits Friday in which he pronounced "Everything's turning out in good shape—Mother and son doing fine." The baby, expected to arrive in mid-December, was born early Friday.

The congratulations continued to flow in, with a personal message from President and Mrs. Eisenhower heading the list.

"Mrs. Eisenhower joins me in warm congratulations to you and Mrs. Kennedy on the birth of your son. We add also our good wishes to your little daughter on her approaching third birthday," the Eisenhower message said.

IS 18TH GRANDCHILD

The Kennedy clan, from father to grandfather to great-grandfather, was delighted. Kennedy's father, Joseph P. Kennedy, former ambassador to England, welcomed his 18th grandchild. And "delighted" was just the word from Mrs. John F. Fitzgerald, 95, the president-elect's grandmother, for her 30th great-grandchild.

The object of all the excitement, baby John Fitzgerald Kennedy Jr., described by his doctor as "a very good looking—a very healthy youngster—with a lusty cry, remained in a nursery incubator.

There was a chance his mother, Jacqueline Bouvier Kennedy, 31, might get to see him for the first time today.

Kennedy Snares Philly, 331,554

PHILADELPHIA (AP)—The official vote canvass has given Philadelphia to President-elect John F. Kennedy by a margin of 331,554 votes.

This was 5,147 votes more than the margin Kennedy ran up in the first count after the polls closed on Nov. 8. That count did not include absentee ballots.

The Philadelphia County Board of Elections Friday said that the official total for Kennedy in Pennsylvania's largest city was 622,554. Vice President Richard M. Nixon total was 291,000.

Kennedy's Pennsylvania plurality now is 124,795. He received 2,546,078 votes to 2,421,283 for Nixon. These figures will be revised as the counties continue to report final, official returns. Sixteen of the states 67 counties must still do so.

BULLETS PICK ALL-OPPONENT GRID CHOICES

The Engineers of Lehigh University dominated the Gettysburg College football team's All-Opponent team for 1960, Lehigh, which walked off with a 52-21 decision early in the season, placed five men on the squad.

The five Engineers, voted as the toughest players the Bullets faced all year, included: End, Jim Needham, Binghamton, N. Y.; tackle, Bob Bohovich, Buffalo, N. Y.; guard, Joe Posillico, Farmingdale, N. Y.; halfback, Boyd Taylor, Ridley Park, Pa., and fullback, Charles Wentz, Swarthmore, Pa.

LEE, OILERS BEAT BOSTON FRIDAY NIGHT

By BOB GREEN

Associated Press Sports Writer

BOSTON (AP)—There were some furrowed foreheads around the Houston Oilers camp a couple of weeks ago. The Oilers were 6-3 for the American Football League season, Boston was closing fast and quarterback George Blanda was out with an ankle injury.

Enter rookie Jackie Lee. In his first performance a week ago he threw touchdown passes of 78, 92 and 73 yards in the mud and goo against Denver in a 20-10 victory.

And Friday night this tall, calm young man, 22, rattled the Boston Patriots defense with his passes and mixed his plays beautifully in a 24-10 decision that all but wrapped up the Eastern Division title for the Oilers.

ALL BUT WOV

Houston now has a three-game lead with only three games remaining. They can't do worse than tie for the title. Boston and New York are tied for second at 5-6.

Lee completed 21 of 38 passes for 331 yards for one touchdown. And he set up two others with passes and directed a 74-yard drive that ended in a field goal.

Even with that performance, Boston stayed close and trailed 14-10 going into the final period. But Blanda hobbled in to kick a 16-yard field goal and a few minutes later Lee hit Bill Groman with a 40-yard pass that carried to the 4. Two plays later Doug Cline jammed across.

The game, played before a capacity house of 27,123, was the only action in the league. Sunday Oakland (5-5) and Los Angeles (6-4) battle for the Western Division lead in Los Angeles and Buffalo (4-6) is at Denver (4-6).

New Oxford Has But One Letterman On Cage Team; Open Monday At Northern

Prospects in basketball at New Oxford High School this season are none too bright with only one letterman, Mike Smith, a 6-0 senior, remaining from last year.

Coach Ellis Diviney's outfit will be very inexperienced. In addition to a heavy toll by graduation, several other key prospects did not return to school this year.

Overall the squad will be small and without exceptional speed. However the candidates have been showing fine desire and have worked hard during their pre-season drills.

REPORT ARMY MAY GET BOWL BID IF IT WINS

By BOB HOOBING

PHILADELPHIA (AP)—Favored Navy meets Army today in their colorful football pageant amid bowl talk and most unseasonable weather.

Fair skies and 60-degree temperatures were forecast for this first meeting scheduled for a 1:30 p. m. EST kickoff before a capacity crowd of nearly 100,000 at Philadelphia Stadium plus a national television (ABC) audience.

Navy is rumored as an Orange Bowl opponent for Missouri or Cotton Bowl foe for Arkansas if it wins.

Speculation has it Army might go bowling, contrary to traditional policy, if the Cadets rock the Middles decisively.

Army, holding a 30-25-5 edge in the series, is plotting a repeat of 1955. As the underdog that year the Cadets met Navy's more explosive attack with a grinding ball control game which paid off in a 14-6 dividend.

SAW 21 UPSETS

Twenty-one times in the past the team with the poorer record going into this battle of the brass-to-be has pulled an upset. Between Navy's Sugar Bowl club of 1954 and Cotton Bowl eleven of 1957, Army played spoiler in '55 and again with a 7-7 standoff in '56 which caused Navy to turn down a bowl bid.

Navy has pulled the surprise three times since World War II including last year's 43-12 record-scoring spree featuring the three touchdown efforts of halfback Joe Bellino.

Bellino, with 17 touchdowns and 104 points to his credit this season, is the biggest gun on the Navy battle wagon and public enemy No. 1 for Army defenders.

Both teams pass well. Hal Spooner and Hal Dietz share the Navy quarterback chores while Tom Blanda is the Cadets' top passer.

Navy, ranked seventh in the latest AP poll, brings an 8-1 record to the climactic struggle on the wind-swept flats of South Philadelphia. Army is 6-2-1.

MOST COLLEGE GRIDDEES END SEASON TODAY

By ED CORRIGAN

Associated Press Sports Writer

The college football season, 1960 version, runs its course—except for a few stragglers next week—with the nationally televised Army-Navy game today in Philadelphia the top attraction.

But there were other important games scheduled around the country, including:

1. Mississippi-Mississippi State. Ole Miss (8-0-1) is shooting for the national championship. Third in the current Associated Press poll behind Minnesota and Iowa, both of which have finished operations, the Rebels are hoping to go to the top with an emphatic triumph over State.

A victory also would give them the Southeastern Conference title and a trip to the Sugar Bowl.

2. Alabama-Auburn. *Bama (6-1-1) is being wached by the Bluebonnet Bowl as a possible opponent for Texas. A good performance would clinch the bid. Incidentally, if the Crimson Tide wins and Mississippi happens to lose, the SEC title goes to Florida.

If Ole Miss loses, Auburn could win the title by beating Alabama.

3. Rice-Baylor. A Rice victory would enable the Owls to finish in a tie with Arkansas for the Southwest Conference championship and almost certainly a bid to a major bowl. Baylor, like Rice 7-2 over-all, already is in the Gator Bowl.

4. New Mexico State-Texas Western. On the surface, this would hardly appear particularly important, but New Mexico State is the only major team with a game remaining on its schedule that is unbeaten and untied. A victory would give State, the Border Conference championship, a 10-0 record for the year and a winning streak of 14 straight.

HAAS AND POTTS LEAD TOURNEY

MOBILE, Ala. (AP)—Freddie Haas and Johnny Pott, Louisiana State University golf stars of 20 years ago, shared a shaky lead today at the start of the third round in the Mobile Open tournament.

Haas, veteran New Orleans pro who will be 45 in January, started the round with a 66-68-134 card, 10 under par.

Pott, 25-year-old Shreveport, La., player, also was at 134 with 68-66.

Both were pressed by Arnold Palmer, Ligonier, Pa., and Jon Gustin, Gladwyne, Pa. Gustin, tied with Haas for the lead after the first round, now has a 66-69-135.

Palmer will become pro golf's alltime money winner for one year if he can cop one of the first three prizes in the \$15,000 meet. He needs \$1,119.65 to pass Ted Kroll's 1956 mark of \$72,835 in earnings. The top three finishers here get \$2,000, \$1,500 and \$1,200 respectively.

LUCAS, LITTLE LEAD BULLETS ON OFFENSE

Eddie Lucas, Eddystone, Senior halfback, and Earl Little, Gettysburg, Junior quarterback, were the one-two offensive punch for Gettysburg College's 1960 football team, final statistics revealed today.

Lucas carried the ball 116 times for a net gain of 512 yards. The Bullet sparkplug also caught four passes for 36 yards and two touchdowns, returned four kickoffs for 74 yards and was the team's leading scorer with six T's for 36 points.

MISSED THREE GAMES

Little, who missed three games during the regular season, took the passing and total offense honors. The Junior quarterback fired 110 aeriels and completed 45 for 726 yards and four touchdowns.

Little ran into trouble on the ground as he carried 24 times and landed a net minus 49 yards to give him a total offense of 677 yards. The Gettysburg native, during his two seasons of varsity competition, has now gained 1,317 yards in the air, completing 82 of 200 passes. He has compiled 1,268 total offensive yards.

The Bullets' leading pass receiver was Harry Richter, Junior from Bethlehem. Richter caught 26 aeriels for 383 yards and a pair of six-pointers. Richter, during his two seasons, has caught 45 passes for 648 yards and four touchdowns. Lance Butler, Senior end, turned in the best punting average with a 36.7 mark on 25 boots.

Court Restricts Amorous Tomcat

ALAMEDA, Calif. (AP)—Herman, 14 pounds of restless tomcat, was under court order today to stop courting the Siamese next door.

"Guess I'll have to keep the poor boy locked up," said Mrs. Russell H. Bowler after Superior Court Judge Ralph E. Hoyt issued a temporary injunction Friday.

The Siamese owners, Mr. and Mrs. J. H. Cook, want the injunction made permanent along with an award of \$4,000 in damages.

Yankees Sign New Pitcher To Bonus

NEW YORK (AP)—The New York Yankees have taken their first step in a new bonus policy designed to compete with other clubs for promising young baseball players.

The American League champions Friday paid one of their largest bonuses in signing Howard Kitt, 18-year-old southpaw pitcher sought by every major league club. No sum was disclosed but the payment reportedly was in excess of \$50,000.

Kitt, a Columbia University sophomore, posted a record of 40 victories and one defeat while pitching for high school, recreation and sandlot teams.

ALL IT TAKES IS WILL POWER

All summer and fall my wife, Miriam, happily filled our deep freeze with beef, lamb, veal and chicken, produced right here on Hidden Valley Farm.

In the meathouse hang hams from our farm. In the basement are apples, potatoes and onions. In the pantry next to our kitchen are row on row of canned chow-chow, senfurken, sweet and dill pickles, peaches, applesauce, tomatoes, ketchup and greenbeans.

Also in the pantry are strawberry, blackberry, blue berry and grape jam. In addition to meat and fowl, the freezer is loaded with squash, asparagus, beans, peas, cauliflower, pumpkin and green peppers, all from the garden Miriam nurtured so carefully in months past.

FROWNS ON DIET

With such a bountiful harvest of goodies, it was hard for me to tell Miriam what I had to tell her. Just as she was preparing a healthy, delicious dinner of broiled lamb chops, fluffy mashed potatoes, sliced tomatoes and buttered green beans, I told her it was high time that she went on a diet.

"Now?" she protested. "Now when we have all these wonderful home-grown foods? Can't I wait until—well, after Christ-

mas?"

I was firm. I was strong. "Now," I said, taking a small lamb chop out of the oven and stuffing it in my mouth as an appetizer. "Now is the time. If you have will power, if you have real character, don't delay another moment."

We had talked it over before, of course, and agreed that she would try one of those all-liquid diets. There's enough vitamins in each glass of the—uh, stuff—to give a person all the strength he or she needs.

"HAD TO REDUCE"

Miriam used to weigh about 125 pounds, but in the last five years sashayed up to 147. Last New Year's Eve, when we went to an affair given by the Rappahannock Hunt Club (we don't hunt), it took Linda, Mark, Bob and me two hours to stuff Miriam into a formal dress she hadn't worn in years.

We used everything but a wire stretcher, and finally got her into the dress. Nothing busted during the evening, but Miriam didn't dare take a deep breath.

Anyway, now in November I put my foot down, and Miriam admitted I was right as usual. She had to reduce. There always was the chance the Hunt Club might ask us to another party. So I hustled to the drugstore in

Front Royal and bought Miriam a huge can of that diet powder that's so popular. You mix it with water and drink a glass for each meal. The chocolate-flavored drink looks just like a luscious malted milk—until you taste it.

Miriam dutifully began drinking the stuff. She began with one glass for breakfast, while Mark, 16, and Robert, 10, and I had our orange juice, eggs, toast and jam, and our oatmeal with cream. I also had good rich coffee with thick cream. Miriam watched us sadly, sipping her murky liquid. For lunch, she had another glass, and whole glass and a half for a big dinner.

WEIGHED EVERY NIGHT

Each evening, promptly at 9:30, we weighed Miriam on our little bathroom scale. When she lost a half pound or so, everyone was pleased and whooped with joy. Everyone, that is, except Miriam. She was gratified, too, but much too weak to whoop.

The two boys, shortly after 9:30 each night, hollered down from upstairs for the latest "bulletin." When Miriam lost weight, there was a wild celebration upstairs. When she failed to lose, there was a deep gloom.

In a week she lost three pounds, dropping to 144. In another week she was down to 141. The epic battle is still being waged as this is written. The shining goal is 125. All that it takes, I keep reminding Miriam when my mouth isn't too full of tender steak or warm apple pie, is plain old-fashioned will power.

CBS RADIO TO DROP DAYTIME SOAP OPERAS

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—It's our unhappy duty to report that this afternoon the radio network of the Columbia Broadcasting Company permanently seals off the peepholes through which millions of housewives for many years followed the family fortunes of the Perkinses, the Malones, the Bradens and the Burtons.

In one lethal stroke, CBS erased the last of its daytime radio serials, more often called soap operas, in a sweeping program reorganization. But because it has had since August to tinker with the story lines, it was able to send each of the four into oblivion with nothing but happiness ahead.

SEES HAPPINESS

"Ma Perkins," dean of CBS soaps (it started in August 1933), celebrated Thanksgiving with the entire family gathered at the Perkins house, notes a special press release from the network, and Ma herself "sees happiness ahead, primarily because Anushka and her grandson Junior will be married next month."

After 20 years, things are finally looking good at the Braden house in "Right to Happiness." Dick has been paroled from prison, his parents are reconciled, Grace has told Skip he is the only boy in her life, and Lee's court case has wound up satisfactorily. Thus Lee and Carolyn "now face the future with assurance, the events of the past few weeks having brought them closer together than ever."

DOCTOR STRAIGHTENS OUT

"Young Doctor Malone," another serial 20 years old, has been concerned for months over whether Dr. Jerry (originally young, but now old enough to think of retiring) would consider taking back his old job as clinic head. He did—today. What's more, Mrs. Scott decided that she would, after all, attend her son's marriage.

Finally, "The Second Mrs. Burton" (vintage 1946) decided not to take her young artist-protégé abroad and now can concentrate "all her energies into preparing for an ambitious Christmas bazaar."

Two other hardy radio series depart, too, but they are weekly features and episodic so carefully constructed swan-songs were not

Connie McCleaf, daughter of Mr. and Mrs. Raymond McCleaf, Orrtanna, has returned from Philadelphia where she spent several days at the Hahnemann Hospital where she was interviewed and given tests as an applicant for admission to the nurses' training school there. While there she was the guest of Miss Linda Shuyler, a student nurse at the hospital.

URGES WOMEN TO LOOK GOOD ON TV SHOWS

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—Is the American wife a household eyesore in curlers and flowered frock?

That's the way she's seen on many a TV show, and Marilyn Erskine is conducting a one-woman crusade against such slander. She appears on Tuesday nights as the spouse on the Tom Ewell show, and she's no frump.

"I should think women would resent the way they are portrayed on some of the family shows," she remarked. "I do. I'm a housewife myself and my portrayal stems from the way I appear in my own home."

"After all, Tom is supposed to be a successful businessman in the show. He is earning perhaps \$18,000 or more a year. It stands to reason he would want and expect his wife to be smart-looking and neat."

CAREFUL OF APPEARANCE

"But I think it's true of most housewives in any salary bracket nowadays. They are more careful of their appearance."

Marilyn had her own personal tilt with this question two years ago. She had to drop 30 pounds. "I like to eat," she confessed. "One day I looked at myself in the mirror and said, 'This has got to go.' After all, I was married to a very attractive man (businessman Charles Curland). It was senseless for me to continue looking plump while he took care of his body."

"So I started a campaign. I had dieted most of my life and always found it dull. I determined to find ways to continue the enjoyment of eating and yet take off the pounds. I tried to cook things—in smaller amounts—that were not fattening, but still delicious."

necessary. "Have Gun, Will Travel," parent of the popular TV version, and "Suspense." Remaining are "Gunsmoke," a Western of course, and "Johnny Dollar," a private eye series.

ONE CAMERA IN SATELLITE NOT DOING WELL

WASHINGTON (AP)—Government scientists have handed down this report card for the new weatherman satellite, Tiro II: Excellent in checking the earth's heat balance.

So-so in photographing its cloud cover.

The cloud cover problem centers on the two cameras of the satellite, which was sent into orbit Wednesday from Cape Canaveral, Fla.

The National Aeronautics said that the small camera is doing its job well, but the large camera isn't.

PHOTOS NEED SUPPORT

The small camera takes pictures of cloud areas that cover a square of 75 miles. These photos, however, need support from the large camera's photos to give scientists useful weather information.

The large cameras snap pictures of clouds that cover areas of 800 miles square. These pinpoint the exact locations of the small photos.

NASA scientists say they are trying to find out what's wrong with the large camera and correct it.

But the scientists report that the infrared equipment on Tiro II is doing its job on checking heat balance. The equipment provides information on the amount of reflected sunshine, the amounts of radiation from the earth and its atmosphere, and the amount of visible light reflected back into space.

BOOSTED HER CAREER

The pound-shelving not only helped her health and morale, it boosted her career as well.

"After all, this is a very fat-conscious town," she said. "When I was under contract to MGM, they were always telling me, 'Better do something about that rear, dear.'"

She did a few films at MGM, then played Ida in "The Eddie Cantor Story." After that, she did no films, concentrating on TV and rearing two children. She resisted a series until the Ewell show came along. It was too good to pass up, and now she's giving a weekly boost to housewife morale.

\$21.4 MILLIONS FOR FISH, GAME

WASHINGTON (AP)—A total of \$21,425,402 in federal funds has been apportioned to the states for their fish and game restoration programs for this fiscal year, Secretary of the Interior Fred A. Seaton announced Friday.

This includes a partial apportionment of \$12,800,000 made available on July 1.

Pennsylvania got \$122,515 for its fish program and \$557,541 for wildlife.

The funds are derived from federal excise taxes collected from the manufacturers—an 11 per cent tax on sporting guns and ammunition and a 10 per cent tax on fishing rods, reels, artificial lures, baits and flies.

Federal aid money is matched by state funds on the basis of not to exceed \$3 federal to \$1 state, although according to law the states carry out all projects with their own resources and are reimbursed for up to 75 per cent of the cost.

CUBA IS NOT OPTIMISTIC

NEW YORK (AP)—Cuban President Osvaldo Dorticos says he does not expect Washington's hostility toward the Castro regime to change when John F. Kennedy takes over the presidency.

"We are not optimistic about the United States," Dorticos told New York Times correspondent Max Frankel. "And we have no choice."

Frankel, who interviewed Dorticos in Havana, wrote that "since the Cubans consider themselves largely blameless in the dispute they have decided against taking the initiative to improve relations."

Cuba has not yet found a market for the three million tons of sugar formerly sold to the United States.

Dorticos said the Castro govern-

STEEL STRIKE RESULT CITED

NEW YORK (AP)—A church-sponsored inquiry concluded Friday that last winter's 116-day steel strike foreshadowed an end of the usefulness of work stoppages in America.

"It seems clear enough," said the report, "that our society, though still maintaining the basic right to strike, has advanced to the point where work stoppages will increasingly be felt to have outlived their usefulness."

The report was drawn up by a special 17-member committee, headed by Charles P. Taft, of Cincinnati, chairman of the department of the church and economic life of the National Council of Churches.

The study group, first of its kind sponsored by a major church organization, spent several months investigating the ethical issues posed by the drawn-out, costly steel strike of late 1959 and early 1960.

Its members included businessmen and economists, as well as clerical leaders.

ment would be pleased to conduct "bilateral negotiations" to reopen the market.

He acknowledged that his job, like that of every officeholder in Cuba, depended entirely upon the will of Prime Minister Fidel Castro.

Dorticos said Cuba's switch of trade to the Communist bloc was a reaction to "aggressive actions" of the United States.

Gettysburg

(Continued From Page 1)

field for each group of students. Incidentally, Gettysburg had this program long before the Conant report came out.

"6. It recommends that the daily class schedule should be sufficiently flexible to avoid the necessity for pupils to make a choice between such important subjects as science and foreign languages. Gettysburg has a very crowded schedule, yet we are able to offer a complete program to our students. We actually go beyond the state-mandated requirement for science in the Seventh Grade. This year we are offering it for the full year, and geography is also being offered for the full year. As soon as facilities permit, our Eighth Grade program will be expanded. Dr. Conant points out that a seven-period day is the normal procedure for a completion of this program. Normally Gettysburg does operate a seven-period day. We do, however, switch to an eight-period day when we need to accommodate any special programs, such as lyceums, etc. In this way there are very few occasions throughout this year that we are forced to completely cancel a class because of an activity.

"7. Instruction should be organized to provide intellectual challenge for the whole range of abilities found in a school. Gettysburg has quite an elaborate program in this respect. All students are individually scheduled according to their abilities. With few exceptions (which are brought about by scheduling difficulties) the child is placed according to ability. We also have a program for the advanced academic students which we call an accelerated program. Right now this program is in somewhat of an experimental stage. We are happy to report that the experiment is going along very well. These students will actually be taught on the equivalent of a first-year college level when they become Seniors, thus challenging them to the best of their abilities, not only to do high school work but college work as well.

"8. Dr. Conant recommends a full-time guidance counselor for every 250 to 300 students in Seventh through 12th Grades. There is some question about this ratio. We have two full-time guidance counselors on our staff so, therefore, our ratio is about half that recommended by Dr. Conant.

"9. It is recommended that meaningful homework should be assigned and careful procedures should be taken to coordinate these assignments between teachers of different subjects. He also points out that students should not be held back for more than two years in the first eight grades. We agree with Dr. Conant in the matter of homework and every effort is being made, even though the problem is a difficult one, to coordinate homework assignments. We do not agree, necessarily, with the second part concerning promotions. If a student is already placed according to ability in class he should be able to maintain the pace with his group unless he is mentally retarded. In that case he belongs in a special group. Many times a student does not succeed in school simply because he is mentally lazy, physically lazy and very much disinterested in school life. We do not believe these people should be allowed to advance unless they have previously attained some sort of standard.

"10. In regard to this recommendation, we quote Dr. Conant: 'In the ninth grade, the curriculum should provide for the usual sequential elective program as well as the continuation of the required courses in general education.' We allow the students to be somewhat elective in their ninth grade program. For example, they may pursue three types of courses: the academic, the general, the commercial, the vocational agriculture course. From this ninth grade program we then branch out into a five-course program in each of the upper three grades.

"11. Here Dr. Conant recommends specifications for the library, the gymnasium, industrial arts, home economics, the auditorium, and the cafeteria. Gettysburg complies completely with this whole series of recommendations.

"12. It is recommended that good coordination of subject matter instruction be carried on from the first through the twelfth grades. This coordination, as far as Gettysburg is concerned, has been going on for some years and conscious efforts are made continuously to improve it.

"13. Dr. Conant recommends a staff of at least 50 professionals for each 1,000 pupils, with a librarian for each 750 pupils. Here again, Gettysburg is in line. We have two librarians and a total of 68 professionals for our 1,300 students.

"14. In the last recommendation, Dr. Conant indicates the importance of leadership on the part of the administration at Gettysburg. The administration at Gettysburg is continually working toward an improvement of our program and is constantly seeking new ideas which will help to improve the education of the children of the Gettysburg area."

PRIEST, GIRL ARE FOUND IN 2-ROOM CABIN

PHOENIX, Ariz. (AP) — A nationwide search for a Wisconsin hospital chaplain and a girl he is accused of abducting ended Friday in a shabby, two-room motel cabin in Phoenix.

The Rev. Lawrence Dudink, 47, a Roman Catholic priest with a history of mental illness, and Rosalie Anne O'Connell, 17, were picked up after an FBI agent spotted the chaplain's car.

Authorities said the two, missing since Nov. 8, had been in Phoenix for about two weeks. The girl, a high school junior from Gilbert, Minn., refused to discuss her disappearance.

Father Dudink, chaplain of St. Mary's Hospital in Superior, is charged with kidnapping the girl "by deceit." She had been undergoing treatment for a nervous disorder at the hospital.

Edward Boyle, FBI agent, said the couple apparently stayed close to the small, out-of-the-way motel. He said the chaplain told him he was low on money and planned to seek employment.

"The priest cashed a check in Flagstaff on the 15th," Boyle said, "and that put him in Arizona. We had been spot-checking motels in Phoenix for several days."

Mary Martin And Her "Peter Pan" Special

By PAUL GERARD

If inexhaustible energy is one of the prime requirements for a successful acting career, Mary Martin has more than proved it. For its third viewing, Sir James Barrie's classic "Peter Pan" returns to television Thursday, December 8 (7:30-9:30 p.m. EST), with Mary Martin recreating her famous "Peter Pan" role in a two-hour colorcast.

As if her appearing at the Lunt and Fontanne Theater six nights and two matinees weekly as the Baroness von Trapp in "The Sound of Music" were not enough, Mary had been attending early rehearsals being conducted across the street at the Helen Hayes Theater. Here in preparation for the "Peter Pan" role she cavorted with the Lost Boys, the Pirates and Indians of Never Never Land.

DINNER IN THEATER

At 7 o'clock she left "Peter Pan" temporarily and scurried across the street to her dressing room in the Lunt and Fontanne where dinner was brought to her from a nearby restaurant. Then she put on her makeup and the postulant's habit for the convent scenes in "The Sound of Music."

Starting in early November when the taping of the show began, the schedule became even more hectic. Mary had to travel 10 blocks to the Ziegfeld Theater where the taping of the first act

was done. Later on, the daily trips were made to Brooklyn, more than an hour from Times Square, where at NBC-TV's two color studios the second and third acts were taped.

GAVE THEATER PARTY

Despite this busy schedule, Mary found time the last week in October to give a party for her friends and their children at the Helen Hayes Theater. The highlight of this occasion was a demonstration of the "magic" for her song "I'm Flying." With Peter Foy again handling the equipment as he did in all Mary Martin's appearances as "Peter Pan," she flew across the stage to the wonderment of the young as well as the old.

Mary claims that it is not so much a question of energy that keeps her going at such a terrific pace; but rather, a great love of her work and the fact that she enjoys every moment of her day.

After the party she again crossed 46th Street and entered her dressing room to prepare for her role in "The Sound of Music."

To her associates, this boundless energy is taken almost for granted. As any one who is familiar with her life and career knows, Mary has been this way since she attended her first dancing school in Watherford, Tex. Trained as a dancer, it wasn't long before Mary managed

prosperous dancing schools in her native heath before trying the toughest school of all — Broadway. **BECAME A SENSATION**

With just one song — "My Heart Belongs to Daddy" — which she sang in Cole Porter's "Leave It to Me," Mary Martin became a sensation overnight. She has been that, and more, ever since. Hollywood immediately tapped her for 11 films, during which period she also made 24 recordings and did two years of radio broadcasting with Bing Crosby. But it has been on the musical stage that Miss Martin has realized her happiest triumphs, as she proved when she returned to the theater in "On Touch of

Forbush in their immensely successful "South Pacific."

As the Navy nurse who "washed that man right outa my hair" eight performances weekly, Mary

Venus," a New York smash and a recordbreaker on the road. Next, she received critics' bouquets as the wistful heroine of the Chinese fantasy, "Lute Song," still remembered as one of Broadway's most beautiful productions.

Then she proved her unique versatility with a rollicking portrayal of that famous lady sharpshooter from the West, Annie Oakley, in "Annie, Get Your Gun," in which she again broke box office records during a national tour, under the banner of Rodgers and Hammerstein. The latter disproved Miss Martin's belief that she could not possibly have a bigger or better part than Annie by starring her as Nellie

not only captivated New York during a fabulous Broadway run, but later also won international acclaim by affording London many "enchanted evenings" in this musical. Returning to New York, she co-starred with Charles Boyer in "Kind Sir," her first nonmusical part, scoring another great personal success. Thereafter, Miss Martin conquered television, via the "Ford 50th Anniversary Show," which also boasted Ethel Merman's ebullient presence; the TV toast to Rodgers and Hammerstein; Ed Murrow's "Person to Person"; a duo-show with Noel Coward, and now, Mary's most heartfelt wish come true for the third time: "Peter Pan."

The producers have been able, despite obstacles, to reassemble most of Miss Martin's original "Peter Pan" company for the colorcast. Cyril Ritchard will star as Captain Hook; Margalo Gillmore will return as Mr. Darling, Sondra Lee as Tiger Lily, Joe E. Marks as the pirate Smee, Peggy Maurer as the grown-up Wendy and Norman Shelley as the dog Nana. Nine of the 10 Indians will be returning as are most of the pirates. New casting will include Maureen Bailey as young Wendy. The roles of the Darling children, of the maid Lisa and Lost Boys will be filled by new children — the original performers having long since outgrown the roles.

FOOD FOR THOUGHT

By Marshall Tuckey

If you haven't had the courage to use herbs in your cooking, start now . . . you will be surprised at the lift just a few of the ordinary ones will give your food. Buy small jars, for they lose their pungency, use sparingly . . . a small pinch is enough.

I think that this might be a good time to list a few uses of the most common herbs . . . Bay . . . Excellent in soups, sauces and stews.

Sage . . . Use with a light touch in dressing for fish or fowl.
